facepainting PROJECT SHEET

www.derivan.com.au

YOU WILL NEED

- Derivan Face & Body Paint 40ml in red, black & yellow.
- Derivan Face & Body Professional Brush Set #1
- Derivan Spouncer Set.
- Mixing palette or plastic plate.

Recommended: Face & Body Animal Set.

METHOD

STEP 1

Use a Derivan Spouncer, medium size, to mix red and yellow. *Hint:* don't mix right through to orange so you get a variation of colour. Use the big spouncer for the snake's head shape, and use the medium size spouncer to paint the body.

STEP 2

Load a round brush with the black Derivan Face and Body Paint. Now paint the outline of the snake's head and body design.

STEP 3

Use the round pointed brush loaded with black to paint the eye of the snake.

STEP 4

Paint the tongue of the snake in red using the liner brush.

STEP 5

Finally, use the round brush and black to paint the pattern of the snake's body.
